

Caches

First Day of Issue - Cache

- A cachet is an informative illustration usually on the left-hand side of an envelope or postcard. The cachet is designed to be attractive, educational, or humorous and supports the stamp by usually giving a little information about the featured stamp.

20th Universal Postal Congress

A glimpse at several potential mail delivery methods of the future is the theme of these four stamps issued by the U.S. in commemoration of the

anniversary of the 20th Universal Postal Congress in Washington, D.C. from November 13 through December 14, 1989. The United States, as host nation to the Congress for the first time in ninety-two years, welcomed more than 1,000 delegates from most of the member nations of the Universal Postal Union to the major international event.
